

A large red L-shaped graphic that frames the central text. It consists of a thick red line forming the top and left sides of a square, and another thick red line forming the bottom and right sides of a square, with a gap in the middle where the text is located.

PRICE GUIDE 2019/20

WHO WE ARE

We're a customer-focused team, dedicated to making it easy for anyone in New Zealand to get the fence they need. We listen to what you tell us and work with you to reach the best solution for your project.

Innovation has been at the heart of what we do at Boundaryline Fencing Systems since the company was founded in Invercargill, with a range of timber Post&Rail fencing many years ago. We quickly found there were people throughout the New Zealand construction industry that liked our way of doing things, so our range of fencing systems grew quickly

to meet the requirements of the market.

Today, with the widest range of fencing systems available on the New Zealand market and located in Auckland, Christchurch, and Invercargill – we have the products, service, and attitude to make fencing easy for you.

PEOPLE FIRST

Boundaryline is a part of the communities we work in. People and relationships are paramount to our success.

LOYALTY

Boundaryline is an established market leader in the fencing and gate industry, and recognises the driving forces that got us there. We are loyal to ourselves, our customers and our company.

INNOVATION & CHANGE

As innovators, Boundaryline is always looking for ways to develop, improve and lead industry change while staying true to our values.

FAIRNESS

Boundaryline stand by our work and exceptional service. Every deal must stand the test of time.
