

Product Specification Sheet

ColourPanel Classic

Fence Panel

Panel Height	900 / 1200 / 1500 / 1800 / 2100mm
Panel Length	2380mm
Profile	Reflect panel
Post Size	65x50mm C-post
Rail Size	50x50mm
Post Centres	2390mm
Infill Size	810mm wide reflect sheets

Description

The classic same-both-sides fence. ColourPanel Classic is a smart, modern choice for residential properties, offering the same clean finish on both sides of the fence.

Manufactured from pre-finished steel, with a four step anti-corrosion process, ColourPanel is a low maintenance boundary fence that won't warp or twist over time.

Material

- Pre-finished steel

Features

- Identical profile on both sides of the fence
- Complete privacy fencing
- Colour matched components
- C-post system integrates seamlessly with ColourSlat and SmartWall fence systems
- Four step anti-corrosion process for durability
- Pre-finished steel components
- Can be stepped to accommodate sloping ground
- Matching ColourPanel Classic and Slat Top gates available

Applications

- Residential boundary
- Medium density and inter-tenancy
- Pool fencing
- Subdivisions
- Commercial
- Privacy fencing

Compliance Information

- **F4** (*Safety From Falling*) compliant when installed as per PS1
- **F9** (*Restricting Access to Residential Pools*) compliant when installed as per PS1
- Generic PS1 available for download
- Site Specific PS1 available on request

Refer to PS1 when installing in any F4 or F9 situations

Standard Colours

Black

Woodland Slate Grey

Thunder

Frost

Product Specification Sheet

ColourPanel Classic

Care and Maintenance

When installing in-ground posts, slope concrete away from posts to limit water pooling around posts.

Avoid earth and soil coming into contact or building up against fence, and limit contact to fertilisers and garden chemicals.

Wash down regularly with soft brush and mild detergent solution. Avoid using harsh abrasive products.

Angle grinders should not be used to cut fencing.

Ensure gate tracks and rack are clear of debris and buildup.

Warranty

10 years (not within 1km of ocean or 1.5m from salt water pool)

ColourPanel Classic Gates

Stocked and typical gate widths and heights shown.

Any gate size can be custom fabricated to fit any required dimensions

Assembled Kitset Pedestrian Gates

Gate Height	1200 / 1500 / 1800mm
Gate Width	870mm
Rails	50x40mm
Post Size	65x65mm

Pedestrian Gates

Gate Height	1200/ 1500 / 1800 / 2100mm
Gate Width	Up to 900mm
Rails	50x40mm
Post Size	65x65mm

Driveway Gates

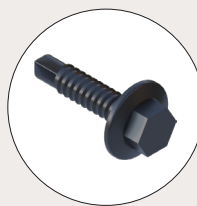

Gate Height	1200/ 1500 / 1800 / 2100mm
