### Care and Maintenance

When installing in-ground posts, slope concrete away from posts to limit water pooling around posts.

Avoid earth and soil coming into contact or building up against fence, and limit contact with fertilisers and garden chemicals.

Wash down regularly with soft brush and mild detergent solution. Avoid using harsh abrasive products.

Angle grinders should not be used to cut fencing.

Ensure gate tracks and rack are clear of debris and buildup.

### Warranty

**SentryPanel Aluminium**

5 years (not within 0.5km of ocean or 1.5m from salt water pool)

**SentryPanel Pre-Galvanised Steel**

5 years (not within 1km of ocean or 1.5m from salt water pool)
